### Your Complete Management Solution:

Competitors to TeamEx inexplicably focus on either Strategy (no value if not executed well), or Execution (creates a ship with out a rudder). TeamEx is the only system on the market that provides both. Everything you need to get your team rowing in the same direction is included to deliver the results you need.

#### Key Performance Indicators (Dashboard)

Provides a quick, visual view of the progress you and other team members are making.

#### Competitor Tracking

Add or view extensive information about each competitor and map their products against yours for better handling and future product design and positioning.

#### Tactical Goals

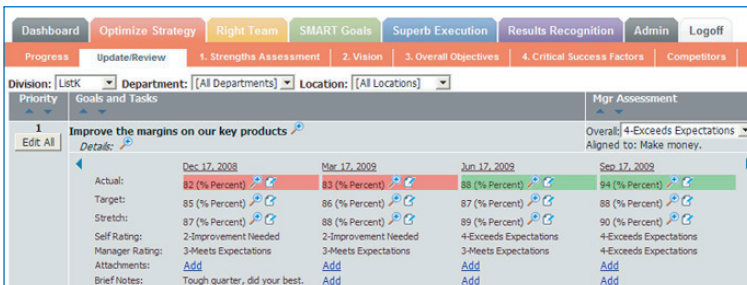

Supports ongoing goals, delegation, acceptance, & review. Track all commitments managers have requested.

#### Problem Tracking

Troubleshoot project errors to prevent future repeats.

#### People Tools

Recognition, appraisals, development & succession planning.
